

# Year 4 - Spring 1

**Science:** This half Term in Year 4 we will be learning all about the topic of electricity! We will be learning how to create a circuit, exploring the components and exploring electrical conduction and insulation.

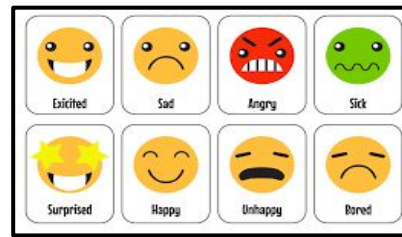

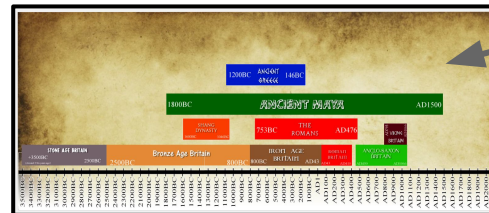

**D&T:** To build on our science learning this half-term, we will be learning about electrical systems. The children will design, create, test and evaluate their own torch, thinking about the target audience and design criteria. They will be producing switches and circuits to create a working torch.

The children will be taught **French** fortnightly.

**Maths** - We will be using the Power Maths scheme of work to teach the children about place value.

Please check [My Maths](#) weekly for online maths homework.

**PE:** Handball and bridges. The children will need their PE kits on...

Turtles - Tuesday & Friday  
Orcas - Wednesday & Friday

**Music:**  
Haiku - Hanami Festival  
Haiku music/performance

**Writing:** Our first text this half term is called 'Carry Me Away' which is focusing on two different poems about animals. Our second text is a non-fiction book which will be focusing on speech.

**Guided Reading:** We will be developing our reading skills using the book 'Butterfly Lion'.

**RE: Judaism**

What is the 'Trinity' and why is it important for Christians?

**History:**

In History we will be learning about the Anglo Saxons and how they took over Britain. We will be focusing on chronology and understanding the timeline.

Our key question is 'Who are the Anglo-Saxons and how do we know what was important to them?'

**PSHE:** We will be looking at health and wellbeing and communicating our feelings.

**Computing:**

The children will be researching into computing systems and network, looking at how the internet works.

Keep in touch through Seesaw. We will be sharing our learning with you at home.
